#### RESOLUTION

New Delhi, the 21st August 1952

**SUBJECT:—Appointment of a Committee of Experts for the Standardisation of Veterinary Biological Products.**

**No. F.5-118/52-L.**—With a view to promote the production of Veterinary Biological Products in adequate quantities for the most effective and economical mass prophylactic immunization of cattle and to co-ordinate with the progress of research in veterinary science, the operations of units manufacturing veterinary biologicals under the control of the Central and State Governments, the Government of India consider it desirable to survey the present position in India in respect of the production and use of veterinary biologicals. It is also essential that the units manufacturing veterinary biologicals should satisfy minimum standards of operation and conform to recognised standards of quality, potency, purity and safety in the absence of which untested and unstandardised products are liable to prove worthless and cause disastrous consequences. To the extent that standards of preparation and quality have not been established for the biologicals manufactured in India, it is advisable to establish and enforce standards.

2. In order to enquire into these and allied problems Government of India have decided to appoint a Committee of Experts with the following terms of reference:—

- (i) to survey the nature and range of veterinary biological products manufactured in and imported into India and the methods employed in their manufacture;
- (ii) to recommend minimum standards of the techniques of preparation including the packing of products;
- (iii) to recommend standards of quality to which the products should conform;
- (iv) to recommend tests for the safety, purity, potency and keeping quality of the products;
- (v) to examine the necessity of licensing production so as to ensure *inter alia* centralisation of the production of specified biologicals in different laboratories, and an economic division of functions among the different producing units;
- (vi) to examine the need for special legislation for controlling production and quality and imports and exports of Veterinary Biologicals and the practicability of including veterinary biological products within the scope of Drugs Act, 1940, for attaining the objects in view;
- (vii) to examine the necessity and recommend the constitution of an all-India Veterinary Board or a Standing Committee on Veterinary Biological Products for implementing the recommendations made;
- (viii) to examine the need for the establishment of a Central Control Laboratory and to determine its functions.

3. The Committee shall consist of the following members:—

1. Dr. S. Datta, Director, Indian Veterinary Research Institute—*Chairman*.
2. Mr. O. A. Bauman (Point Four Expert at the Indian Veterinary Research Institute).
3. S. Balwant Singh, Head of the Division of Biological Products, Indian Veterinary Research Institute.
4. Dr. M. L. Ahuja, Director, Central Research Institute, Kasauli.
5. Shri P. M. Nabar, Drugs Controller (India).
6. Shri Govind Rao, O.C., B.P. Section, Badshah Bagh, Lucknow, U.P.
7. Shri S. R. Sapre, Superintendent, B. P. Section, Bombay.
8. Shri P. M. N. Naidu, Director, Animal Husbandry Department, Mysore.
